

# Safety & Health Management Policy

## Safety & Health Mission

Put people and the environment before all else and achieve zero in fatal injuries.

We actively protect and practice safety, health, and the environment through SHE management, and realize sustainable management by meeting the needs of various stakeholders.

## Target

- ① Achieve zero fatal injuries
- ② Thoroughly abide by SHE laws and regulations and advance SHE management above and beyond the legal standards
- ③ Advance SHE management to lead business partners.
